

PORTFOLIO OF WORKS

[MOBILE APP DESIGNS]

MORE THAN JUST DIGITAL

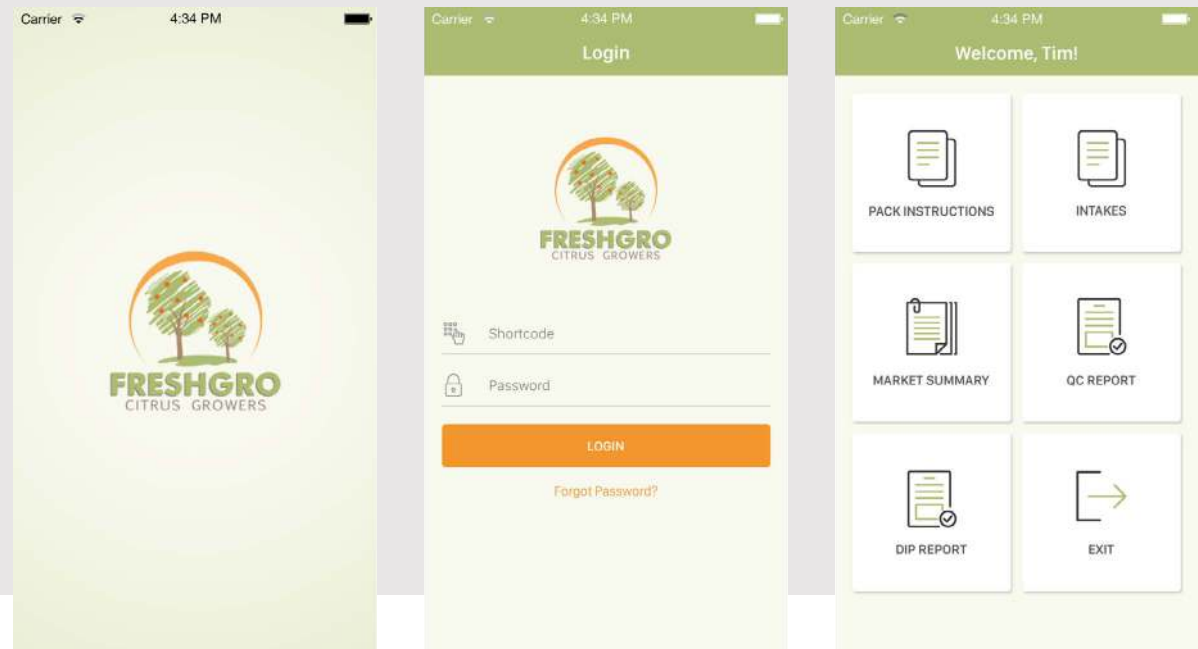

Rocketsoft devises custom, authoritative strategies for clients at the outset of their projects that aid them in reaching very definite goals. With a results-driven approach, excellent end products are guaranteed. **Rocketsoft projects are more than just digital business cards.** They become lead-generating machines for clients, repositioning them as authorities in their respective fields.

FRESHGRO

[DESIGN AND DEVELOPMENT/
IOS AND ANDROID]

Mobile app was created for the client to streamline processing and increase productivity. Moving from a very manual and paper intensive system to a mobile app. The development included an admin panel that the client can use to maintain various configuration and view information as needed.

COASTAL HIRE

[DESIGN AND DEVELOPMENT/
IOS AND ANDROID]

We were tasked to create an app for Coastal Hire that could be used by customers to hire equipment and even use augmented reality to view the equipment. Needless to say the end result is great and the client is ecstatic!

ADWii

[DESIGN AND DEVELOPMENT/
IOS AND ANDROID]

Adwii is a data as labour platform. We believe a user's profile information is an asset which can be utilised as labour. Each user has to download the app, signup and capture some profile information on the adwii app. The profile information consists of over 80 fields and includes lifestyle choices of the user. Using this profile, adwii sends content (videos, pictures, vouchers and surveys) to the user.

ZARGA

[DESIGN AND PROTOTYPE
AND API INTEGRATION]

We were asked to redo the design as the previous designs were not up to standard. We then converted these designs into a working prototype for the client. Thereafter we had to integrate with one of Nedbank's API that allows payments to be made efficiently and seamlessly. [End result is a happy client.](#)

CMIYC

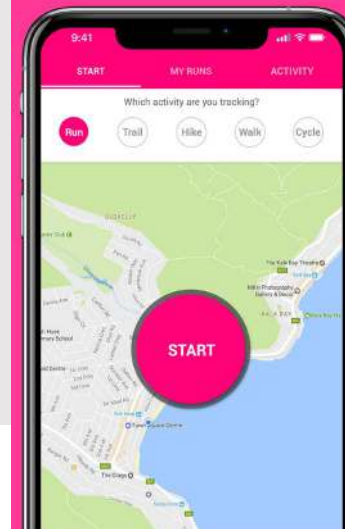

[BUG FIXING AND ENHANCEMENTS]

Catch Me If You Can (CMIYC) is South Africa's largest all women running club that connects ladies of all ages, shapes and sizes. We've helped thousands of women connect and build lasting friendships whilst improving their health, fitness levels and lifestyles. Our CMIYC Leaders are phenomenal women with a common goal to encourage women of all fitness levels to join a community where they will feel comfortable and celebrated for who they are!

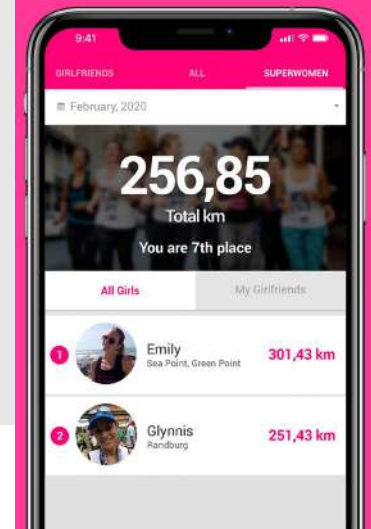

Find safe group runs in your area

Track your workouts in real time

Be inspired by superwoman and see who clocked the most miles
